

Business Credit Report

With a Centrix Business Credit Report, you can:

- ✓ Make smarter lending decisions with real-time, comprehensive business credit data pulled into an easily digestible report.
- ✓ Quickly and easily assess a business's creditworthiness with a comprehensive data-based credit score that provides a summary of the information in the report.
- ✓ Better manage cash flow - assess your customers' ability to pay.
- ✓ Access comprehensive information on past credit enquiries, defaults and payment data.
- ✓ Access summary and granular data for frequency and time frames of inquiries, including PPSR over the last 12-24 months.
- ✓ Deep-dive into data including reviewing type of credit account and/or dollar value previously applied for.

Customise your reports

Pay only for the information you need. Customise your report to include some or all of the following:

- ✓ Director's consumer file (with consent).
- ✓ Beneficial Owners Report and corporate family tree to easily understand the company shareholding structure.

Make fast and accurate credit decisions.

We help businesses minimise risk.

We are a credit bureau made for New Zealanders, by New Zealanders. Since 2009, we have been helping Kiwi businesses of all sizes to make quick and confident risk assessments, with the most comprehensive credit information on 95% of Kiwi consumers. We make obtaining credit reports and identity verification simple and affordable, so you can protect your cash flow, and get on with business.
